# A brief history

BRANCASTER BREWERY takes its name from BRANCASTER STAITHE, a village in North Norfolk steeped in brewing history. This coastal area benefits from the cooling influence of the sea giving it a well-earned reputation for growing WORLD CLASS MALTING BARLEY. History reflects this with evidence of BREWING in Brancaster as early as Roman times.

In late 1797, the demand for MALTING BARLEY from this area was such that a COLOSSAL MALTINGS, stretching 312ft was built in BRANCASTER STAITHE, yards from THE JOLLY SAILORS PUB to make use of the harbour for export. It was reputedly the largest in the country at that time. Ironically, it was built with the large blocks salvaged from the OLD ROMAN FORT in BRANODUNUM (Brancaster)!

Currently, the demand for NORTH NORFOLK BARLEY is still as strong as ever with orders coming from as far away as California! BRANCASTER BREWERY is continuing the LOCAL BREWING TRADITION and makes the most from QUALITY LOCAL PRODUCTS including Teddy Maufe's AWARD WINNING MARIS OTTER BARLEY from Branthill Farm, Wells-next-the-Sea where there is a REAL ALE SHOP on the farm, well worth a visit - [www.therealaleshop.co.uk](http://www.therealaleshop.co.uk)

Look out for local artist Ken Tidd's ORIGINAL ARTWORK on the beer labels [www.kentidd.co.uk](http://www.kentidd.co.uk)

BRANCASTER BREWERY is an independent, FAMILY OWNED brewery producing REAL ALE from the best REGIONAL INGREDIENTS.

It is continuing a long and illustrious TRADITION OF BREWING. Drink it at ACI establishments in NORFOLK - THE JOLLY SAILORS and THE WHITE HORSE, Brancaster Staithe AND THE KINGS HEAD, Letheringsett, in HERTFORDSHIRE - THE FOX, Willian, THE LYTTON ARMS, Knebworth and THE CRICKETERS, Weston
